

# SEAN TEFTELLER

## ABOUT

Retail turned UI Designer with a certification in Frontend Development. A passion for organized, logical designs that focus on the user-centric problem solving. Skilled in using the point-of-view of users to create products with empathy and playful imagination.

## PROJECTS

**Otto, Fintech Budget App** | *CareerFoundry Case Study*  
*June 2023 - July 2023*

- Followed Material Design & Human Interface Guidelines to create a user-centric Android app
- Created lo-mid-hi wire-frames, and prototypes for user testing before finalizing the designs
- Completed 42 Hi-Fidelity screens to send to developers

**Preemie, Newborn App** | *CareerFoundry Case Study*  
*January 2023 - February 2023*

- Finalized 45 screens detailing the complexities of premature birth for educational purposes
- Created personas of newborn parents and with user-testing went from mid-fi to hi-fi wireframes
- Using personal history to create an original app focused on a niche market

## EDUCATION

**UI Design Immersion** | *CareerFoundry*

400+ hour online course  
with specialization in Frontend Design for Developers

**BA of Business Management** | *Hope College*

with academic pairings in Marketing and Human Resources

## WORK EXPERIENCE

**Trader Joe's** | *2012-Present* TX-CO

- inventory control for multiple departments that includes daily orders and managing back stock levels, signage & re-merchandising ideas
- trained new hires for roles as crew members
- customer focused going above to meet their needs
- transferred to four stores in two states successfully while continuing to grow
